Stamp Flower onto vanilla card using mellow moss ink. Notch corners using small circle punch and also notch the choc.chip and mellow moss cards. Matt them onto each other.

Stick large cream card to mellow moss base card.

Scallop both edges of the long thin choc chip strip of card with the scallop border punch.

Stick vanilla strip to scalloped choc chip strip and then wrap the ribbon around, tying a knot to the left hand side.

Using 3D foam, attach flower to right hand side of card.

Stick a half pearl onto the middle of the flower with Tombow glue.

Decorate envelope with wheel.
